June 2008

We are officially in transition. Our family is in the States preparing for home assignment except for Dwight so he can finish the school year at Morrison.

Praise that:

- The whole family will be together for David's wedding.
- The board of trustees voted to build all the proposed buildings for Morrison Taichung campus next year.
- Dwight's presentations to several classes on relationships, technology & culture went very well.
- Malia and several classmates chose to be baptized.
- Beckie and Malia got back to the US and enjoyed seeing Andrea get her doctorate of physical therapy.

Pray for:

- Energy to finish the year well while moving to temporary facilities for next year.
- Beckie to settle in and be helpful to her family.
- Malia as she finishes the year in a new school.
- God to raise up people to increase our support level from 82% to 100%.
